

2005 RACEBOARD WORLD CHAMPIONSHIP

Cadiz, Spain - October 2nd to 8th 2005

Dear sailors,

The International Raceboard Class is pleased to confirm that the Federacion Andaluza de Vela will be hosting the 2005 World Championships in Cadiz from the 2nd to the 8th of October.

With such a world class venue (host to the ISAF 2003 Sailing World Championships) and an experienced team of regatta organisers, competitors and coaches can be confident of a memorable event, and a perfect start to a new era for the Raceboard Class, following recent changes to class rules to include 'hybrid' boards.

The event will provide an opportunity for RSX sailors to test themselves against Olympic sailors, past, present and future, alongside traditional Raceboards and first generation 'hybrids', while competing for an ISAF recognized world title.

We look forward to seeing you in Cadiz.
