LODEY

SIZE – **6.8mtr** 175micron monofilm

BATTENS – 7 RBS battens

TENSIONERS – Contender rocket tensioners

CAMS – Twin Internal cams

BOOM LENGTH – 205cm -210cm

MAST LENGTH – 475cm-485cm

MAST SPEC – 460cm 50% Carbon

We are currently negotiating with EXEL for branding so the mast with luck will be Lodey branded. The boom will be a Nautix Jumbo as this is a durable boom and has rear pulleys suitable for setting up outhaul systems.

The cost of the rig packages will be £495.00. A sail only will be £365.00 and if a rig package and second sail are ordered at the same time the cost will be £820.00 giving a £40.00 discount. This discount is being given to encourage your young athletes to have a spare sail from the start of the season that fits within your class specifications so if damage occurs they are not penalized by having to use the change down rig.

The cost of replacement battens are for the bottom 4 battens £15.00 each and the top 3 £5.00 each. The cost of mast and booms from ourselves as spares is still being negotiated and will be confirmed as soon as possible.

NEIL PRYDE
