The NeilPryde Racing Series joined the 2013 TOGR (Top of the Gulf Regatta) for its second collaboration featuring an international fleet of 29 competitors from Thailand, Myanmar, Indonesia and India, racing in stadium regatta configuration with courses close to the shore and audience.

"Being part of the 2013 TOGR Regatta was a good opportunity for our junior sailors to participate in an international event at home, and to compete with the RS:One one-design ISAF Class. Our youth sailors enjoyed two wonderful days of racing giving them encouragement for the future", said Prapart Sanggern, a teacher at the Pattaya City 7 School and coach-cum-initiator of the Windsurfing Association of Thailand (WATH) Youth Development Programme.
